**“Blood Money”**

**WHERE: St. Joseph Parish - Holly Hall**

**WHEN: Tuesday, January 24, 2012**

**TIME: 6:30PM** *Light Reception follows*

*Carol Everett came to think of herself as “The Scarlet Lady.” Her story is a gripping exposure of greed and deception in the abortion industry. This former abortion clinic director and owner draws back the curtain of secrecy in Blood Money, revealing facts about a sordid industry that preys on women in crisis pregnancies.*

*The film begins with a legislative and judicial summary of Roe v. Wade and its effects. It expands into personal testimonials which will shock and amaze you.*

*Don't let the title scare you. There are minimal images of a graphic nature. The fright comes with the stories of what can happen to a young woman when she finds herself in a cycle of secrecy...when even those she loves and trusts fail her.*
